By Representative Tharinger

1 On page 3, line 33, after "finding that" strike "the" and insert
2 ": The"

3
4 On page 3, line 35, after "appeal" insert "; construction landward
5 of the shoreland area does not require construction within the
6 shoreland area to carry out the intended purpose of the proposed
7 project; and, for commercial or industrial projects, the proposed
8 project does not require use of, activities within, or physical
9 changes to the shoreland area in order to generate revenue"

10

EFFECT: Establishes additional criteria for authorizing the commencement of construction landward of the shoreland area in advance of a related shoreline permit decision by the Shorelines Hearing Board, including: (1) that the construction landward of the shoreland area does not require construction within the shoreland area to carry out the intended purpose of the proposed project; and (2) for commercial or industrial projects, the proposed project does not require use of, activities within, or physical changes to the shoreland area in order to generate revenue.
